Danielle,

Please excuse the previous abbreviated email as I had just received your contact information and I was walking into a meeting.

As you are aware, we provide entertainment at the corner of 6th & Mesa twice per month. I wanted to know where we were in the process of the contract.

If possible, I would like to set up a meeting to discuss this. As I am new to this position, I need to get up to speed.

I look forward to meeting you soon.

Best regards,

Lorena Parker
